

The new Weller® WSA350EU Smoke Absorber

Make Your Benchtop a Smoke-Free Zone

The new Weller® WSA350EU Smoke Absorber removes the stronger fumes created by today's lead-free solder fluxes. While the introduction of lead-free solder has created a healthier environment for everyone who works with solder, the more active fluxes required give off more fumes than ever before. The new Weller WSA350 Smoke Absorber is the perfect solution for this smoky problem.

The WSA350 removes flux fumes from the bench top by drawing the smoke through an activated carbon filter. Powered by an exceptionally quiet fan, the WSA350 can process up to 1.37 cubic meters of air per minute. The collector can be easily adjusted to multiple positions, optimizing its fume-absorbent performance. It's time to clear the air.

WSA350EU Smoke Absorber

Technical Specifications:

Voltage	230 V
Sound Level	45-50 dB (A)
Power Consumption	20 W
Absorption Capacity	1.25 m ³ /min. (50 Hz) to 1.37 m ³ /min. (60 Hz)
ESD safe?	Yes
VDE / CE certificated?	Yes
Spare Filters	3 pieces incl.

Replacing the filter is easy and economical.

WSA350F Filter

Specifications:

Filters per pack	3
Size	130 mm x 130 mm x 10 mm
Activated carbon content per filter	9 g
Maximum capacity for noxious components per filter	2.5 g

Code No.	Description	EAN
WSA350EU	Smoke Absorber	4003019253586
WSA350F	Spare Filter for WSA350EU	0037103212276

Filter WSA350F
